The diagram shows the long division of 96 by 3. The divisor 3 is on the left. The dividend 96 is on the right. A horizontal line is drawn under the 9. The quotient 32 is written above the dividend. The digit 2 is highlighted in a yellow box. A vertical dashed line is drawn between the 9 and the 6. Below the 6, the number 6 is written in blue, and another 6 is written in green below it. The final result is 0.
