The image shows the calculation of the combination ${}_{11}C_5$. The numerator is $11 \times 10 \times 9 \times 8 \times 7$ and the denominator is $5 \times 4 \times 3 \times 2 \times 1$. Red diagonal lines are drawn through the numbers 10, 8, 5, and 2. Blue diagonal lines are drawn through the numbers 4 and 8. A blue '2' is written above the 8 in the numerator, and a blue '1' is written below the 4 in the denominator, indicating the cancellation of the 8s and 4s.
